30/11/14	Sunil Jahagirdar	The NABARD KfW team of Mr. Guenther Haase, KfW & Shri. Sai Prasad, DGM Anil Jadhav Consultant & myself were impressed with the dedication & zeal with which the villagers have come forward to 'help themselves' to develop their village into a sustainable model of development. We wish the village, the VUC, the SMS and the community all the very best & wish them to continue with the	work & also increase the area being treated under watershed. We also would like them to take up the intensive cultivation of vegetables & flowers using green house/poly house & shade net technology, rear Indian breeds of cows. Mobilization & establishment of a producers' organization/company for marketing will greatly increase incomes. S. Jahagirdar 30/11/14 AGM NABARD, Pune.
